COMMENTS FROM THE TOWN MANAGER'S OFFICE

Recently it was necessary to request a recipient of town aid to present his number plates to the Town Office if any further food orders were to be issued. The plates were never presented, therefore no food orders were issued. Previous to the request, the recipient was given an opportunity to work out any relief furnished. Work was performed for a part of two days and then failure to report. A later inquiry brought no legitimate excuse or reason for not working.

According to the Town Ordinances no overnight parking of motor vehicles on Village Streets is permitted after Nov. 1st. Now that the first storm of the winter has arrived this ordinance will be enforced.

Three tax anticipation notes were issued during the year in the amount of \$25,000 each. Usually no payment is made until the end of the year, but due to two thirds of the State School Subsidy having already been received one note has been paid, thus making a saving on interest charges.

At least in recent years there has been no inventory taken at the Town Garage. An inventory was taken last week of all tools, equipment, parts and supplies, a copy of which is on file at the Town Office.

Sincerely,
Harold L. Bean

NEAR TWO FOOT STORM ENDS FALL SEASON

Snowfall starting Monday evening amounted to 18 inches locally Tuesday morning and snow continued to fall during the day and evening. Schools were closed and traffic was delayed at times.

The abrupt end to an extended period of generally ideal fall weather brought electric interruptions and other inconveniences. However little or no damage has been reported.

PLAN FORMATION OF SKI AND OUTING GROUP

Plans are under way for the organization of a ski and outing club in the Locke Mills area. All interested adults are invited to attend a meeting at the Mt. Abram ski lodge at 7:30 Friday evening, Dec. 1, when Pete Lafear of Lewiston will be the speaker. He is connected with the Eastern American Ski Council (USEASA) and is chairman of club programs and vice president of the Maine Ski Council, Ken Lasserre, Mt. Abram ski instructor, will also be present. Formation of the club with election of officers is expected at this meeting.

CRASH SERIOUSLY INJURES FORMER BETHEL WOMAN

Miss Florence Blake of Auburn, formerly of Bethel, is reported to be comfortable at the CMG Hospital where she was taken after an automobile accident Sunday afternoon. She suffered multiple fractures of both legs and pelvis in a head-on collision near the Danville underpass when returning from her work at Pownal. Said to have been blinded by the sun, the driver of the other car went over the center line.

The building fund for the Rumford Community Hospital has exceeded its goal of \$500,000 by 40%.

WORK THROUGH WINTER ON NEW CNR UNDERPASS

The new railroad underpass which is being built at the northerly edge of Bethel village to replace the existing narrow outmoded "overhead bridge," now carrying U. S. Routes 2 and 26 traffic over the Canadian National Railroad tracks, is expected to be under construction most of the winter, according to Walter B. Lovett, Jr., resident engineer for the State Highway Commission.

The highway portion of the overall project, which is designed to eliminate the hazardous intersection just south of the railroad tracks along the westerly approaches (Railroad Street) to town, will probably not get underway again until spring. The clearing is completed on a section of relocated Route 2 west of the Church St. junction and a four and a half foot thick blanket of material has been placed over it to protect it from the frost. This is so the work may resume as soon as possible after the winter months.

H. E. Sargent of Stillwater is the prime contractor on the project, which will cost an estimated \$457,000. William D. Moore of Livermore Falls is the subcontractor on the underpass and a small bridge at Mill Brook, a concrete rigid frame structure at the westerly end of the work.

The only inconvenience to traffic this winter will be the short detour of a few hundred feet around the construction at pier No. 1 of the underpass.

Frank Foster, who is resident engineer for the state on the structures involved in the project, said that the forms for pier No. 1 would be put in place this week and material would be trucked in to build up the fill at the abutments. After the fill is in place and has had a chance to settle, pilings will be driven down into it to support the concrete abutments. By spring the steel beams will have been erected and forms will be built to place the concrete deck.

The small bridge at Mill Brook is now about half done, and is expected to be completed this winter. The structure will carry relocated Route 2 over the stream.

In the spring the contractor will begin the reconstruction of Railroad and Bridge Streets, complete the construction of the relocated section of Route 2 and build several ramps of a partial interchange. The facility will eliminate most crossings of traffic at grade.

The entire project is expected to be completed and ready for traffic in the fall of 1962.

Mr. and Mrs. William Von Zintl will spend Thanksgiving with Mr. and Mrs. Ernest Charlton and Mr. and Mrs. Euberto York, at Amesbury, Mass.

Survey Committee Advises Two New Classrooms; New Elementary District

The report of the Bethel School Needs Survey Committee, which was appointed by the selectmen last March as authorized at the annual town meeting, was released last week. The nine member committee, working with the superintending school committee, was divided into several subcommittees whose reports provide a quite complete appraisal of the present school situation. A copy of the report may be seen at the Bethel Library.

The committee consists of Chairman Dexter Stowell, Secretary Mrs. Asher Runnels, Mrs. Dana Brooks Jr., Sumner Burgess, Theodore Chadbourne, Frederick P. Grover, Robert D. Hastings, Mrs. Loton Hutchinson, and Carroll E. Valentine. School committee members are Stanley E. Davis, Rodney K. Howe, and Richard Thompson.

Sub-committees were: Population and Enrollment, Chairman Carroll Valentine, Mrs. Brooks, Frederick Grover; School Building Evaluation, Chairman Robert Hastings; Stanley Davis, Rodney Howe; Curriculum, Chairman Sumner Burgess, Mrs. Hutchinson, Richard Thompson; Finance, Chairman Dexter Stowell, Theodore Chadbourne, Mrs. Runnels.

The 38 page report included several graphs, pages of statistics showing birth and enrollment data of several sections of the town, sizes of schoolrooms and number of pupils in each, besides about 30 typewritten pages of general information including the committee's conclusions and recommendations.

The committee report is summarized in the following:
Future of Bethel Schools
In discussing the future of Bethel Schools the following ideas were presented.

1. The Crescent Park Area is a logical area for school expansion. It is centrally located and contains our most modern school.

2. Replacement of the Primary School will be necessary in the future.

GREENWOOD P. T. GROUP
TO HEAR MR. MASTER
VANCE RICHARDSON

At the meeting of the Greenwood Parent Teacher Group Tuesday evening, Nov. 28, Senator Master Vance Richardson of Gould Academy will speak on Problems Concerning College Admissions. The meeting will be held at the Locke Mills School at 7:30. All interested are invited to attend.

3. To make most efficient use of service facilities, any new Primary School should be located in the Crescent Park area.

4. Gym Auditorium—Cafeteria construction should be situated in the Crescent Park area.

5. The present size of the Crescent Park area may limit future expansion of the school system on this site.

Recommendations

The Bethel School Needs Survey Committee recommends:

1. That textbooks be purchased to provide coverage of every subject in the curriculum.

2. That school authorities investigate special education courses and their worth to the Bethel school system such as (a) classes for mentally retarded, (b) educational television, (c) summer school, (d) adult education, (e) industrial and domestic arts.

3. That two new rooms be added to Crescent Park School to replace two basement rooms in the village primary. Based on the cost of the previous two-room addition, we estimate the cost of this addition at \$35,000.

4. That a committee meet with representatives of Newry and/or Gilead to plan the formation of an Elementary School District.

5. That the town acquire additional land adjoining Crescent Park to allow for possible further expansion.

6. That pending the formation of an Elementary School District, Bethel enter into a school union with the towns of Gilead and Newry. Reason: The committee feels that an elementary curriculum supervisor or a supervising principal would be very desirable. However anticipated increases in Bethel school costs make the additional expense of a new non-teaching position seem unwarranted at the present time.

At the present time School District 22 consists of Bethel, Gilead, Newry, Upton, Greenwood, and West Paris. In the recommended union the superintendent would have a smaller area and fewer teachers and pupils, thereby giving him time for increased supervision and development of the educational program.

The Technical Approach

vs.

The Fundamental Approach

There has been a great deal written about a technical approach to analyzing the stock market and individual stocks. It might be of interest to the readers to have this point further clarified. In analyzing a stock fundamentally one looks at the earnings, the balance sheet, the future outlook, products, management, manufacturing facilities, etc. This analysis gives one an opportunity to make a good evaluation of the company but is not necessarily indicative of what the market's action of the stock in the near future will be.

A technical analysis consists of a study of charts, price movements and volume of trading as related to price movements. This will give the investor an opportunity to time his purchases more successfully. No matter how good a stock is it is not likely to rise much until there is investor interest.

Recently we have taken a look at some stocks which we rate high fundamentally and have selected those whose chart formations indicate to us investor interest and therefore the possibility of capital appreciation.

In the blue chip category we find American Tobacco, DuPont, General Electric, General Foods, IBM and Standard Oil of New Jersey.

In the businessman's risk category we like Aercap and Homestake Mining. So far as more speculative stocks are concerned Amperex Corp., San Diego Imperial look interesting for radical speculation. Cinerama and Technicolor also appear to have some merit.

CHAINS OFFER BEST PROTECTION AGAINST ICY, WINTER ROADS

A set of chains is clearly the best safeguard for all winter driving conditions, according to "Changing Times," the Kiplinger Magazine. But, the editors of the magazine point out, increase pulling power three-fold. Snow tires halt the car in three-fourths the distance of regular tires; strengthened chains cut stopping space to two-thirds the distance.

"In all fairness to snow tires, it should be pointed out that, percentages aside, they may give you all the extra traction you will need in many cases to start your car when regular tires fail," the article states.

"But for the most treacherous road conditions, notably icy pavement at temperatures near freezing, chains may be the only thing that can start and stop your car effectively."

East Andover Club**Holds Annual Meeting**

Ten members of the East Andover Community Club held their annual meeting at the home of Mrs. John Richardson on Nov. 15. Mrs. William Crooker presided. Last month's reports were read and accepted.

The Sunshine Committee had remembered three hospital cases, Norma White, Leo Dyer and Mrs. Orville Meisner. Mr. Robert B. Swain read the annual Secretary's report.

Average attendance during the year at meetings had been nine members. Meetings had been held monthly at members' homes. The club had bought a Christian and American flag set for the East Andover Sunday School as well as giving the annual \$25.00; paying half of the Christmas expenses and buying 20 more folding chairs.

We had remembered 22 hospital cases with sunshine gifts. Members had collected for the March of Dimes and the Cancer Drives; assisted financially to the Girl Scout program; a Girl State representative; a worthy member of the senior class; assisted in the cleaning of the school house; and given Easter Baskets to nine community members over 70 years of age.

Mrs. Lester Farrington reported that she had \$154.99 cash and one J Bond. This year we had spent \$166.65 and taken in only \$107.40. A sum of \$97.33 had been given to the East Andover Sunday School; \$22.65 had been spent on the light bill for the East Andover School building; \$24 on Sunshine gifts for the ill; and the remainder for Girl Scouts, Girl State, Senior gift, service men and a sign for the East Andover fire house.

HIGHWAY NIGHT PATROL
BEGINS EIGHTH SEASON

The State Highway Commis-
sion announces that its night
patrol began its eighth season
Saturday keeping watch of the
condition of about 1,800 miles
of the state's most-traveled
highways. This year the patrol
extends its coverage to include
two newly-opened sections of
Interstate highway—5.5 miles
of freeway from Illegan Road,
Bangor, to Stillwater Avenue,
Orono, and 8.2 miles of free-
way from East Deering to the
interchange south of Yarmouth.

The SHC's night patrol will
be on the job every night
throughout the winter months
ready to call out plowing and
sanding crews if needed. Pat-
rolmen also carry enough sand
in their trucks to cover short,
icy sections in dangerous lo-
cations.

During their tour of duty,
patrols contact their division
offices by radio at least once
each hour through the night,
reporting weather and road
conditions. This information is
passed on by the division offices
to the department's head-
quarters office in Augusta every
2 hours. Every day at 6:00
a. m. and at 10:00 p. m. a state-
wide report is made available
by the Augusta office to the
Presque Isle, Ellsworth, Bang-
or, Portland and Rumford Di-
vision offices. Telephone number
of the Rumford office is
364-3391.

UEL GARDNER APPOINTED DIRECTOR OF SUNDAY RIVER SKI SCHOOL

AN S. O. S. TO PARENTS

Would you expect your child
to become an expert piano
player without having a piano
on which to practice? The an-
swer is obvious. So is the fact
that your child must have
books to become an expert
reader.

The ability to read well dic-
tates success or failure in
school. It is not enough today
just to know how to read. A
child should enjoy books so
much that he reads widely on
his own initiative. The more a
child reads the more he masters
language—not just reading,
but writing, speaking, spelling,
vocabulary. The ability to com-
municate ideas effectively is essential to college
and adult life.

Good books widen a child's
knowledge of the world, his un-
derstanding of other people and
of himself.

Convinced of the need for
books many parents are baffled
by the job of finding the right
ones. More than 1,600 children's
books are published each
year. Some of these are super-
ior; some are inferior books disguised in fancy jackets.

One answer to this problem
is to join a Children's Book
Club. Another answer is to con-
sult your librarians or your
child's teacher. Book lists
from publishing companies
furnish information as to what
age level a book is most en-
joyed.

There is a royal road to
knowledge going straight from
the class room to the library.
In the library the children com-
plete their journey into un-

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Thursday, November 23

Read Psalm 67

There is one body, one
Spirit, . . . one Lord, one faith,
one baptism, one God and
Father of all. (Ephesians 4:
4-6.)

A few months ago I was in
Bolivia. Beyond a group of rust-
ic huts, the virgin forest ex-
tended for untold miles with-
out any road or trail. There
was the jungle with all its
mysterious, luxuriant, and all-
embracing vegetation.

Some Christians from the
Orient were gathered together
in a house built with funds pro-
vided by Swiss Methodists.
They were led by a pastor of
understanding which was begun
in the class room.

Surround your child with
books, read them books, and
listen to them talk about books.
Make books a part of their
lives.

One of the biggest troubles
with success these days is that
its recipe is about the same
as that for a nervous break-
down.

the United Church of Japan,
brought there by the generosity
of some North American
friends.

We had come together to
dedicate that House of God. I, an
Argentine citizen born in
Italy, spoke in English, which
was translated into Japanese by
the pastor. The Scriptures were
read in Spanish, and the songs
were sung in Japanese. Prayers
were offered in those three
tongues. That was a truly
ecumenical service. The real
common link was Christ's Jan-
guage—His love.

Only when we forget our de-
nominal and national pride,
and when we all learn
Christ's unique language, will
all the people praise Him unto
the ends of their earth.

PRAYER: Gather, O God, all
our churches, by Christ's love,
into one, universal, holy church,
that all the people of the earth may
know and love Thee. In
Christ's name. Amen.

Thought For The Day
"You are all one in Christ
Jesus."—Sante Ubero Barbieri
(Argentina)

"Cocktail?"

(Her "She'll think I'm a sad sack if I say no!"
(She's "I don't want it, but what will be think?")

Do you have to drink, when you're out
on a date or a party?

You might think so, to read some
advertisements or listen to some radio
shows.

Millions of dollars in liquor propa-
ganda are saturating the public with
the idea that drinking is socially indis-
pensable.

Smartly dressed men and women, in
lavish surroundings, eagerly consume
the advertiser's product. Handsome
athletes, beautiful girls, even grand-
mothers try hard to push the public into
believing that everyone drinks. Text
and commercials imply that alcohol is
safe as milk.

But what are the facts?

Actually, liquor is far from the
benign product that its manufacturers
would have you believe. Most people,
including those who drink, know
that alcohol often causes irreparable

harm. It is a depressant, not a stimu-
lant. One out of twenty drinkers be-
comes an alcoholic.

Why not determine your attitude
toward drinking from your viewpoint
—not from the viewpoint of those who
profit by what you drink? It is a fact
that alcohol cannot help you attain
health, happiness, or financial security.
It is a fact that alcohol can easily cause
you to miss out on these. Why be mis-
led by propaganda to the contrary?

For the fact is, again, that drinking
is not essential socially, or otherwise.
You can get along fine without it. And
you need never hesitate to say, "No,
thanks, I don't drink." You'll be
thought the better of, and feel better,
for saying so.

**You can get along
fine without it!**

Americanism Award For Chicago Patriot

BENSONVILLE, ILL.—The Flick-Ready Americanism award and flag for 1961 is presented to Dr. Sidney L. De Love, president of Chicago's Independence Hall Association, by Frank Flick, left, of the civic-minded hydraulic firm here. Currently the firm is presenting a special Public Affairs series in its revolutionary "Factory of the Year". Inscription on the award reads "To Independence Hall and its president, Sidney De Love for "Their Outstanding Service to the Cause of Americanism in the Community in which They Work and Live."

Dr. De Love's award came for his courageous stand during the recent Chicago Trade Fair. While he was promoting freedom on one side of the aisle, the Yugoslav exhibition on the other was passing out packets of Red propaganda. Obtaining the pamphlets, Dr. De Love protested to fair officials since

they'd denied his request to display copies of "Edgar Hoover's 'Masters of Deceit', a textbook on Communist tactics, on grounds it had nothing to do with trade or commerce.

Meanwhile, a Polish official registered a protest against the ringing of the Liberty Bell at the Independence Hall display. Dr. De Love was asked by a Fair official to stop ringing the bell.

Bob Siegrist, Milwaukee radio commentator, revealed the story in one of his slightly broadcasts from the Fair. Officials first denied existence of the Red pamphlets, then admitted their distribution, but claimed they were innocuous and had approval of both U.S. State and Commerce departments. Fair officials presented Dr. Love with a written order to stop ringing the Liberty Bell but he defied the order since his contract specifically provided for its ringing.

DETAILS CAN CAUSE

HAVOC FOR FAMILIES ON THE MOVE

Magazine Examines Problems Moving Companies Don't Handle

A host of details, not included in the tasks performed by long distance movers, can create havoc for families on the move, according to *Changing Times*, the Kiplinger Magazine.

In the current issue of the magazine, the editors list these hidden problems of moving and suggest some solutions. Items calling for special attention include:

School records: The report card or transfer card should have the name of the principal, the school and its full address, to make it easier for a child's next school to write back and obtain a full transcript of his record.

Safe-deposit boxes. Many banks will store valuable papers in their own vault and send them on by registered mail when requested to do so. The bank will give a detailed inventory of every scrap of paper and article entrusted to it, and the cost usually is only a minimum handling charge plus postage. In making arrangements for renting a box in a new state, the editors advise checking with the bank on differences, if any, in state laws governing access to a safe-deposit box.

Medical matters. The family should take its medical records— inoculations, medical histories, past treatments. They also should have a supply of any prescription drug needed during and immediately after moving. In most states, both the law and local codes of professional ethics prohibit a pharmacist from filling a prescription written by a doctor in another state.

Taxes. Anyone going to a new job should ask his old employer for a W-2 form listing all of the salary paid and taxes withheld for the part of the year spent with that company. Equal security withholdings by the old and new employer combined may add up to more than the maximum, and a refund may be due at the end of the year.

There are other important items to check, the article states. State laws governing the registration of cars differ, and many people moving across state lines run into a net of red tape. A check on the law with the motor vehicle bureau or with the American Automobile Association will make the change easier.

And all insurance policies should be reviewed with the company or agent before a move is made, to see which policies will still be in effect and how much coverage they will provide.

"These hidden problems can

GOULD ACADEMY**Fall Sports' Award Assembly**

Football letters and certificates and cross country letters, awards and certificates were presented at an assembly Monday morning, Nov. 20. This was an excellent fall season for Gould—only one loss in football, and a chance to participate in both the state and New England meets in cross country. Both teams and their coaches deserve hearty congratulations.

The following are the cross country and football awards. Those starred won their letters for the first time this year. The others, having already received a letter during another season, were given certificates.

Cross Country: Daniel Grover, Fred Juddkins, *Clarence Remington, Allan Ring, Edward Tibbets, *Raymond Weymouth (mgr.).

SAFE WALKING TIPS

WEAR SOMETHING WHITE AFTER DARK

When the sun goes down, pedestrian deaths go up. The reduced visibility during the darkness hours makes both walking and driving conditions more difficult.

It is no coincidence that the largest number of pedestrian deaths occur during December—the month with the most hours of darkness. As the days grow longer, the toll drops off sharply.

The Maine Highway Safety Committee offers the following advice: You can protect yourself best when walking at night by wearing a light article of clothing, preferably shoes or stockings (trousers in case of men) since the headlight beam of most cars will first hit low on the body. On the other hand, dark clothing greatly reduces the distance you can be seen by approaching vehicles, in some cases, as much as 50 per cent.

Don't take unnecessary chances. Wear something white at night, and give the driver a chance to see you.

EVENING EXTENSION

The Bethel Evening Extension Group met at the Home Ec. Cottage on Tuesday, Nov. 14. The meeting was called to order by the chairman, Mrs. Gibson. The secretary's report was read and accepted.

The slate of officers as presented by the nominating committee was as follows: Chairman, Thirza Gibson; Secretary, Alberta Merrill; Treasurer, Maud Hunt. It was moved and seconded to accept the slate of officers as stated.

A supper is being planned for the Dec. 12 meeting. New members are to be guests of the old members.

Wrapped Christmas gifts for the children at the Hyde Home are to be brought to this meeting.

With the exchanging of ideas of Christmas decorations and gift suggestions the meeting was concluded.

NOTICE

Applications for a Hotel License to sell Spirituous and Vinous Liquors have been submitted to the Bethel Municipal Officers for approval.

Applications for Sudbury Inn, Inc. and Bethel Inn, Inc., have been taken under consideration by the Bethel Municipal Officials for approval. Any citizen of Bethel who desires to show cause why these applications should or should not be approved, may do so at a meeting to be held for that purpose at 7:30 P. M. on Wednesday, Dec. 6, 1961, at the Town Office.

AUTHORITIES URGE CARE DURING HOLIDAY DRIVING

Governor John H. Reed and Col. Robert Marx, State Police chief, have issued a joint plea

urging Maine motorists to re-

cognize the added danger of a

long holiday weekend and to

exercise extreme care to com-

pensate for the extra hazards.

"Many people will be driving to the old homestead for the family Thanksgiving dinner," said Governor Reed. "Others will be going to hotels and restaurants to celebrate this traditional New England feast. In any event, there is certain to be a great deal of traffic during this holiday period."

Pointing out that uncertain road and weather conditions present additional hazards during this season of the year, Maine's Governor called for an acceptance of responsibility by every individual who rides or walks in traffic.

"We cannot shift the burden

of responsibility for safety on

our streets and highways to anyone else," continued Governor Reed. "Each of us must be eager to do his share—and a bit more—to reduce the number of traffic tragedies. We need no magic formula to do just that. Courtesy and common sense, plus extra caution every moment we are behind the wheel or walking in traffic, are the ingredients which will spell success for our safety efforts. Let's be sure that these qualities characterize our own driving and walking habits, not only during this holiday week end, but on every day of the year."

Col. Marx pledged a "round-the-clock effort by State Police during this critical period, and added:

"Certainly, we are all aware

of the accident potential of a

long holiday weekend and of

the absolute necessity for more

than ordinary care. We shall

make every effort to control

traffic and to prevent crashes.

You can help with your con-

scientious, sober driving."

10 YEARS AGO

Mrs. Grace Swan of Bethel celebrated her 80th birthday.

The Bethel Players presented the melodrama, "He Ain't Done Right by Nell," to an appreciative audience at the William Bingham Gymnasium. Square dancing followed the performance.

Bethel children enjoyed the presentation of "Jack and the Beanstalk" by the Portland Children's Theatre.

Deaths: Elmer H. Ingalls Jr., Fred E. Wheeler, Asa J. Howard, Andrew McAllister.

20 YEARS AGO

The Bethel Home Guard was called out to search for an Army bomber, overdue into Bangor airport, and reportedly down in this locality.

Norwood Ford, Locke Mills, was knocked down by a car in front of the Teltel mill, and taken to the Rumford hospital.

Deaths: Frank Cushman, Augustus G. Littlehale.

EMERY - RUSHING

Miss Bobbie Rushing, daughter of Mrs. Claudine Rushing and the late Mr. Rushing, was married to Howard Ward Emery, son of Mr. and Mrs. Howard Noyes Emery of Greenwood, at an evening ceremony Saturday, Sept. 23, in the Holiness Church, Panama City, Fla., by Rev. O. C. Crabtree.

The bride's gown was royal blue, her bouquet, red carnations. The sister of the bride, Miss Imogene Rushing, was maid of honor. Both the best man, John J. Drummond, and the ushers were wearing their Navy uniforms. A reception, at the bride's home, 1803 Dorothy Avenue, Panama City, followed the ceremony.

Mr. Emery is a graduate of Woodstock High School and attended the University of Maine at Orono. He is at present stationed on the Antietam, an airplane carrier, with the Navy.

Mr. and Mrs. Emery are presently residing at 701 North Curry Road, Pensacola, Fla.

COUNTRY FLAVOR

TURNIPS FOR THE COWS

Turnips are a tangy, satisfying vegetable for both cows and humans. A moderately powerful bulb, well-mashed and mixed with the right amount of seasonings, goes well with the countryman's pot roast, fluffy mashed potatoes, bread 'n' butter pickles, hot biscuits and juicy nutmeg-tinted apple pie.

Turnips were an important crop in those less-hurried years when women fluffed out their hair with "rats" instead of permanents, and men wore high stiff collars to keep their chins up. On Mountain View Farm, Father grew a big patch of yellow-fleshed rutabagas for both the family and the cows. A 12 year-old knew turnips intimately through long hours of hoeing, thinning, pulling, and carting the bulky bulbs to the house cellar and the barn.

Shoving the turnips was a daily, late-fall task as soon as a lad reached home from District Nine and got into his shore clothes. It was monotonous and messy work. The mail order catalog said of the Peerless Utter, "Capacity by hand, 30 to 50 bushels per hour." It could be a statement of fact that a young future citizen was never tempted to prove it.

Undoubtedly the cows appreciated the juicy food along with their timothy and clover and cottonseed meal. But when a countryman looks at that hand cutter, dust-covered and sitting out the years under the far corner of the west scaffold, he doesn't hanker to raise turnips for his gentle-eyed Jersey.
